SUPPLEMENTAL REPORT

NAME Kenneth M. Ventaduro DATE 1 July 97 CASE NO. 9504017

Called Ann Finner to let her know I am writing a letter to Mr. Ryan about this case. It is not a pleasant letter and is intended to deal with the issue - is not personal. Letter also will be sent to Mr. Macy and copies of both to our federal delegation for insurance purposes. Copies of Mr. Ryan's letter will also be sent to Orrin Hatch.

Talked to Mrs Joplin by phone. Clearly told her of my concerns about prisoner handling + FBI investigations. Did talk to her without a lawyer present which may have been ill advised. Noted I have lost confidence in the federal grand jury since MR. TAMMER has been removed. I feel it is very likely this man was killed and will pursue this through Oklahoma, rather than the US Govt.
